MEALS AND FIGURES

OAKLAND BANK PROVIDES CAFE AND PLAYGROUND FOR EMPLOYEES

According to some wise bank officials of Oakland, any banking institution can get better work from its employees when they are well fed and have the proper amount of recreation. To have one's employees under one's eye is also a great advantage and when the men of figures are masticating beefsteak on the roof of the bank building, they can't be hitting the rosy path in town.

"To add figures properly," says the president of the bank, "a man must eat properly. The ideal bank clerk must mix recreation with his statistics."

Baseball, in moderation, is first aid to calculation of interest.

An hour on a roof garden makes several hours of more efficient service.

These are facts discovered by officers of the Oakland Bank of Savings. They constitute the reason for Oakland's aerial playground.

Oakland has a roof garden and athletic field several hundred feet in the air and right in the heart of the city. It can't be seen from below—the battlements of a high bank building hide it—and one can't even hear, from the rumbling streets, the sounds of merriment that accompany baseball games or target practice high in the air.

Only a few bank clerks know of the aerial playground—for it's theirs and no outsiders are allowed to participate in their sports on the roof. They dine there, a little cafe being situated at one of the corners of the playground, and a long shooting gallery is another attraction. Overhead baseball is another feature of the place.

The novel aerial playground is situated on the top of the Oakland Bank of Savings building. It is owned and supported by a bank clerks' club.

When the noon hour comes the clerks and officers take the elevator, rise nine floors and climb a short flight of stairs—and Oakland has disappeared. They are no longer in the city. All they can see is the blue sky. Dimly they can hear the crash of the streets—but all they see is four walls like garden walls, their rustic cafe, and the galleries and baseball diamond.

They usually enjoy a ball game or a little target practice and when the noon hour is over return to their duties refreshed and with increased efficiency.

CHRISTIAN CHURCH

The sermon by Rev. F. M. Rogers Sunday morning was such an inspiration to higher ideals and such a vista into the higher realms of spiritual life that any Christian who failed to hear it missed a rare treat. Addressed to Christians primarily, it would also be a sermon for evangelism, because it would give to any thinking man or woman who has not even started in the Christian life, a view of his lowly and undone condition, when he saw to what heights God would have him attain.

Taking the first verses of the book of Joshua as his text, Mr. Rogers pointed out that in knowledge, experience and faith the average member of the church has only begun to enjoy the life which may be his if he will only use the means which God has given him for this purpose. Chief among these is, of course, the study of the Bible, where lie hidden gems which only those who seek will obtain. Mr. Rogers called attention to the fact of what a small and superficial knowledge of God's word is had by the average Christian, and that he cannot hope to attain a high plane of spiritual life unless he uses this means of attainment.

This reading of God's revelation will lead to faith, which Mr. Rogers emphasized as being the great impelling force which causes us to rise to the highest realm of spiritual living and which is the dominating force of the world. If we have faith sufficient, what may we not accomplish?

God says that if we have sufficient faith we can "remove mountains," and we see such marvelous achievements in these days by the faith of men in carnal things that nobody can doubt what can be accomplished in our spiritual lives if we will let God dwell there by faith.

At the mid-week prayer meeting Rev. A. C. Smith, for twenty years pastor of the first Christian church of Los Angeles, and now manager of the Christian board of publication of St. Louis, will be present and address the members of the Bible school "cabinet," especially, at the close of the prayer meeting.

Next Sunday's sermon will be

MINORCAS FOR HILO

ROOT POULTRY RANCH SHIPS \$700 ORDER TO HAWAIIAN POULTRY CUSTOMER

That faithful fulfillment of orders pays in the long run, has been the experience of Mrs. W. D. Root of the Root poultry ranch, 735 Verdugo road. After a first shipment of 30 pullets had been sent to a customer, Mr. H. F. Fisher, Hilo, Hawaiian islands, he began to write enthusiastically of the results he was getting and of how pleased he was that he had found a breeder whom he could trust and whose shipments came up to their description.

From that time till now Mr. Fisher has been a regular customer of Mrs. Root and Saturday she shipped him a \$700 order of black minorcas. This order consisted of 300 pullets, from three to four months old; 36 two-year-old hens for breeding purposes, and three of the finest black minorca cocks on the farm.

Mrs. Root began her poultry work more than seven years ago, when as an invalid she was seeking health. Her first experience was with black minorcas and after having tried out six other breeds, she has come to the conclusion that the minorca is the best all-around bird for this part of the country. At present she has about 250 mature birds and more than 600 young birds on the two-acre ranch she holds on Verdugo road.

The present shipment of minorcas to the Hawaiian islands is a fine, healthy lot. The 339 birds are shipped in five crates, specially prepared for this purpose. The crates are made out of hardwood frames and are about 5x4x4. The frames are covered with wire netting and over that, except in front, with thin roofing that is waterproof. In front, inside, is a feeding trough and drinking vessel. Two of the crates are two-story constructions. The boxes have been thus constructed after experience with shipping chickens. They are light and save freight charges; at the same time they keep the birds in excellent condition. Every bird of this lot was specially chosen out of as fine a set of healthy birds as one could wish to see. Each bird was carefully handled and dusted with insect powder. The birds dispatched in this shape are never sick during the voyage and arrive at their destination in first-class condition.

Mrs. Root's minorcas have taken many first-class and second-class prizes at the annual shows of the Southern California Poultry Breeders' association and a close view of the hundreds that are running about under the tall cornstalks on the ranch, or are scratching about in the pens, show that they well deserve all the honors they have won. The Root poultry ranch hatched out about 4000 chickens last spring. Many of those have been sold as dressed poultry, others have been sold for breeding purposes in 100 and 150 lots, and so on. Many dozens of eggs are sold for breeding purposes. The young roosters that were hatched last spring weigh at the present time about five pounds each. Mrs. Root has shipped eggs to all parts of California, Arizona, Oregon, Washington, Utah, British Columbia, New York, Hawaii and Mexico.

For incubating purposes the minorca eggs serve excellently. There is a \$15,000 equipment on the ranch—open front laying and breeding houses, large yards, affording good grass almost all the year, brooder house lighted with electricity, and other modern adjuncts to a first-class poultry farm. Seven Cypher and Jubilee incubators, with a capacity for 1600 eggs, and brooding arrangements for handling 1100 chicks at once.

Mrs. Root's ranch produces mangolds, beets, kale, lettuce, barley, alfalfa, sweet corn and other produce for feeding the stock. In four years she has brought her present ranch to its stage of perfection and is adding to its improvements from time to time.

THE UNITED PRESS SERVICE

Again we call attention to the world's latest news which is published every afternoon in the Evening News. The service is received at this office by telephone at 1:30 o'clock and makes it possible to give our readers the most authentic and latest news.

preached by Rev. L. J. McConnell of Los Angeles. Although Mr. Francis is still on vacation, it is expected that the pulpit will be occupied at the morning service every Lord's day during his absence.

U. S. GUNBOAT SACRAMENTO IN DANGER

TERRIFIC GALE SWEEPS THE GULF OF MEXICO—TWO MARINES DROWNED—COMMANDER McNAMEE ASKS FOR PILOT BY WIRELESS

(Special Service to Glendale Evening News)

WASHINGTON, D. C., Aug. 16.—According to reports to the navy department today, a terrific gale in the Gulf of Mexico nearly wrecked the gunboat Sacramento, carrying the Brazilian and Guatemalan ministers. Late last night the New Orleans wireless lost track of the vessel and it was feared it had foundered. Commander McNamee of the Sacramento, however, sent a wireless to the navy department today, stating that the gunboat was ninety miles south of the mouth of the Mississippi and that he expected to be back tonight. He asked for a pilot, indicating that his vessel was dangerously close to shore. Two marines of the battleship New Hampshire were swept overboard and drowned during the tempest.

FOR NATIONAL DEFENSE

President Wilson Outlines Plan for 70 Submarines and Other Vessels

Special Service to Glendale Evening News
WASHINGTON, D. C., Aug. 16.—President Wilson today in conference with Secretary Daniels and Admiral Benson began mapping out a program of national defense. It is understood that the president plans to ask the next congress to make appropriations for two battleships, two battle cruisers, seventy submarines and enough destroyers to give each dreadnaught an escort of four such vessels.

EXPLOSION KILLS FIVE

Pennsylvania Explosives Factory Has Serious Gelatine Accident

Special Service to Glendale Evening News
SINNAMAHONING, Pa., Aug. 16.—An explosion today in the gelatine department of the Aetna Explosives company killed five men and injured one.

WOULD PACIFY BY ARMS

Ex-President Taft Advocates Military Intervention in Mexico

Special Service to Glendale Evening News
ST. LOUIS, Aug. 16.—Ex-President Taft, in an interview today, declares that intervention in Mexico seems to be necessary. He said: "The United States can no longer tolerate the confusion and disorder in its sister republic. Two hundred and fifty thousand troops are necessary for successful intervention. In my opinion the United States made a mistake in ousting Huerta. When I left office I was considering a plan to recognize him."

BATTLE ACROSS BORDER

American Cavalrymen and Mexicans Fight Near Mercedes

Special Service to Glendale Evening News
BROWNSVILLE, Tex., Aug. 16.—American cavalrymen and Mexicans fought a battle across the border near Mercedes today. There were no casualties, though several volleys were exchanged.

CAPTURE FOUR FORTS

Germans Closing in on New Russian Base at Brest-Litovsk

Special Service to Glendale Evening News
BERLIN, Aug. 16.—General von Mackensen's troops captured four Russian strongholds around the new Slav base at Brest-Litovsk today. This news was made the subject of official announcement here this morning. The new base is now surrounded on three sides. The Germans are preparing to storm the outer defenses.

URGES STUDENTS INTO FIELDS

ST. PAUL, Aug. 16.—Transportation of thousands of men to harvest the Northwest's bumper crops is looming up as a serious problem to the farmers of the northwest states. In Canada the situation was relieved by railroads offering free transportation. The anti-pass law and the fact that men laborers were concentrated in the cities during the spring because there was little railroad repair work done through the country districts, added to the difficulties of farmers.

When some people are ostensibly engaged in standing behind the president their real occupation is poking him in the ribs.

BRITISH SMASH TURKS

Break Lines and Effect Junction with the New Zealanders

Special Service to Glendale Evening News
ATHENS, Greece, Aug. 16.—The British reinforcements which were landed at Suvla bay last week have broken the Turkish lines and effected a junction with the New Zealanders near Gaba Pepe. The united forces are now preparing to storm the Turkish forts. British artillery bombarded and destroyed many rows of the Turkish trenches on the shores of the Gulf of Saros. The Turks retreated in confusion. British battle-ships bombarded and destroyed three fortified Turkish encampments on the coast of Smyrna.

VERDUGO WASH PROPOSITION

Special Service to Glendale Evening News
LOS ANGELES, Aug. 16.—The board of supervisors of Los Angeles county, in session this forenoon, referred the Glendale Verdugo wash question to a common council, who have set September 27 as the date to take the needs for protection up for consideration. Citizens of Glendale are anxious to know what action is to be taken that they may be protected from next winter's rains.

HANFORD BOY DROWNED

Harry Gustafson Loses Life While Swimming in Lake Sequoia

Special Service to Glendale Evening News
HANFORD, Cal., Aug. 16.—Harry Gustafson, 18, a graduate of Hanford high school and well known throughout high school circles in Southern California, was drowned yesterday while swimming in Lake Sequoia in the high Sierras. Gustafson was working in a lumber camp near that lake, earning money to go to college.

MAKE RICH STRIKE

Valuable Lead Discovered in Mine Near Famous Oroville Fields

Special Service to Glendale Evening News
OROVILLE, Cal., Aug. 16.—A rich gold strike is reported near here today. It is stated that \$150,000 worth of ore has already been blocked out.

SEEK TO QUASH CHARGE

Men Accused of Breach of Neutrality Laws Plead Flaws in Indictment

Special Service to Glendale Evening News
SAN FRANCISCO, Aug. 16.—Attorneys for George K. Blair, Thomas Addison, Harry G. Lane, Kenneth Croft and Oliver Lawrence, indicted here on a charge of violating the neutrality laws by enlisting British soldiers in San Francisco, today demanded that the indictments be quashed on the ground that they failed to allege that Great Britain was at war and also failed to state that Great Britain and the United States were not at war.

DETROIT BEATS THE NAPS

Michigan Batters Win Over Ohioans in American League

Special Service to Glendale Evening News
DETROIT, Aug. 16.—Following is the result of the American league game between Detroit and Cleveland today:

	Runs	Hits	Errors
Detroit	6	12	2
Cleveland	2	10	1

MUSIC IN THE VALLEY

LA CANADA ASSOCIATION HAS GREAT TREAT FROM FIRST-CLASS ARTISTES

Those who attended the regular meeting of La Canada association, Saturday evening, experienced a great treat. The committee of the association had been fortunate enough to secure the presence of Mrs. Franklin Flick, a member of the Lyric club of Los Angeles and a soloist of no mean reputation and performance. They also had managed to get the services of Miss Hamilton, reader and pianist, a graduate of the Cumstock school of expression, for the evening. Mr. Walter R. Cuthbert of Alhambra, who was instrumental in obtaining the presence of these artistes, was the accompanist and discharged his responsible functions with taste and delicacy.

The walls of the hall were hung with designs by different architects for the new school that the district proposes to erect. Those plans created great interest and they were studied with great care by groups of critical citizens before the meeting opened. From the plans it can be gathered that whichever design may be selected, La Canada will have a modern, commodious and well-equipped school building.

The Rev. Dr. Brooks occupied the chair. Mr. Granger, the secretary, read the minutes of the previous meeting, held July 31. The minutes were approved. The report of the executive committee on by-laws was held over to the next meeting. The chairman said that he was able to report, however, that the committee had made arrangements for the handling of the refreshments by a caterer.

The chairman also stated that Mr. Jackson, who had started the jitney bus line between La Canada and Pasadena and La Canada and Montrose, desired to thank the people of La Canada for their patronage they had already bestowed on him and to state that though the business was as yet in its infancy, that he expected to build it up into a flourishing traffic, with their aid.

The chairman called attention of the members of the association to the efficient assistance afforded the valley by the Tri-City Progress, the weekly paper printed by the Glendale Evening News, in the interests of the foothill communities. He said that in every way the Tri-City Progress was a credit to the foothill district. He hoped they would all give it every aid in their power as it would prove one of the most powerful agents in assisting the growth and development of the valley.

Mr. Nicholson asked for information concerning the storm drain that it was proposed to install for the purpose of caring for the surplus waters of the valley.

Mr. Green replied that the information had been printed in the Tri-City Progress and that Mr. Nicholson would find it there, but that he could state that the county had been formed into a district for storm protection and that the matter was taken care of in that way.

Mr. A. T. Cowan, proprietor and publisher of the Glendale Evening News and of the Tri-City Progress, was asked to address the association. He said that as he had himself taught school for thirteen years, he was greatly pleased at the interest he observed among the people of the valley in connection with the plans for the new school. It showed intelligent progressiveness on their part that they should plan to erect a good, modern and fully-equipped building. Education was without price.

Mr. Cooper stated that the plans on the walls of the hall were only four sets out of fifteen that had been sent in by competing architects. The other sets were at his house and could be seen there along with the specifications. He stated that the specifications called for a building with walls constructed of hollow tile and fireproof in every particular. He also called the attention of the association to the fact that there was no limit for free transportation for children attending high school. Last year, through ignorance of that fact, La Canada children had paid transportation to Glendale. The limit for elementary pupils was fifteen cents, but there was no limit for the high school children.

Mr. Green stated that he thought the district should ask for the return of the money paid out for transportation of children to the high school.

The secretary presented the bill for rent of hall from August 1 to August 15. This was ordered paid. He also stated that the money subscribed by the La Crescenta Valley Improvement association and the La Canada association for the acquisition of the Haggerty right-of-way, (Continued on page three)

CHANCE FOR CHURCH

PROF. MONTGOMERY SAYS IT HAS OPPORTUNITY FOR SOCIAL SERVICE

That there is an opportunity for the church of the present day to exert immense and beneficial influence on society is the opinion of Prof. J. H. Montgomery, a member of the faculty of the University of Southern California. Prof. Montgomery has recently been lecturing at various chautauquas throughout the country and has made considerable impression by his pronounced views on the subject of the social work to be done by the church. His lecture on "The Church and Social Reconstruction" seems to have struck his audience as affording some points of departure from the stereotyped Christianity of the churches.

"Perhaps never in history," he declares, "has there been a greater need for the application of Christ's teachings than at present. The church is the one agency logically equipped to perform this service."

"For example, in the bitter strife between capital and labor, the church is almost the only organization which can offer its assistance without having its motives questioned."

Other problems which the church should study in Professor Montgomery's opinion are immigration, child labor, the liquor problem, white slavery, housing and the position of woman in industry.

"Of the three great factors in civilization—industrial life, the family and education—the family is most nearly Christianized," the professor states. "Education is next, and industry has least of all. The church can give to industry its ideals. At present a big difficulty which stands in the way is the ignorance of church members themselves. The church should educate its members in regard to undesirable social conditions which they can aid to overcome."

RANK OF TESTAMENTS

For the benefit of the friends of the testaments in the Glendale Evening News subscription contest, the management will publish the names of the testaments every day in the rank of their standing at the time the list is corrected.

Corrections will be made each day at 1:30 o'clock, just before going to press.

The list below represents the standing of the testaments at 1:30 o'clock today. The person whose name is printed first in the list was rank number one at that time, and the person whose name appears second in the list was rank number two, and so on down the list.

The list of the names of the testaments will be watched with great interest by the friends of these diligent subscription getters. The order in which the names appear will likely change from day to day as the difference in the standing between some of the candidates is represented by a very small margin.

The contest will close Saturday evening, September 4, 1915, at 9 o'clock, making less than three weeks in which those participating in the contest may have an opportunity to ask their hundreds of friends to assist them. That time will soon pass and the usual mistake of counting on promises should not be the cause of anyone's defeat. Now is the time to get the assistance of your friends and thus allow you time to get new business the last days of the contest.

The rank of the testaments is as follows at 1:30 today:

Morse Freeman, first.
Miss Cora Hickman, second.
Mrs. J. C. May, third.
Miss Ruth Wright, fourth.
Mrs. Albert Pearce, fifth.
Newton McGillis, sixth.
Miss Virginia Graham, seventh.

The prizes thus far selected are:

A Maxwell five-passenger touring car.
Schiller piano.
Trip to San Francisco or San Diego exposition.
Fifty dollar certificate of deposit in the First National bank of Glendale.

(a) Seventy-five dollar scholarship in the Isaacs-Woodbury Business college of Los Angeles.
(b) Seventy-five dollar scholarship in the Isaacs-Woodbury Business college of Los Angeles.
(c) Seventy-five dollar scholarship in the Isaacs-Woodbury Business college of Los Angeles.

ATHLETIC CONTEST

Miss Georgia Fenton of Glendale won second prize in the 75-yard dash for girls, first prize in the ladies' 75-yard dash and first prize in the egg race for ladies at the Ohio society picnic August 14 at Ocean Park.

BULGARIA HOLDS THE KEY

Never was a little state more courted than Bulgaria at the present moment. Sofia, the capital, is filled with diplomats from all the leading belligerent countries of Europe. Germany and Austria are represented by able and experienced deputies, who are doing everything in their power and making every promise within reason to induce the Bulgarian government to promise to keep out of the war.

British, Italian, Russian and French negotiators are equally busy making offers, lavish offers, of money, real money, if only Bulgaria will join the allies and open the road to Constantinople. Bulgaria, like Achilles, sulks in the tent. Should the Bulgarian ministry, however, be roused up as was the Greek hero, there would be as great a change in the aspect of the war as was effected in the siege of Troy by the great hero of the besiegers.

Bulgaria is willing enough to join the allies. She believes that her ultimate fortunes would benefit by union with them; but she is not ready to join them unless they pay her price. That price is the restoration of about 3000 square miles of territory which she ceded to Roumania by the treaty of Bucharest of 1913, and other territory ceded to Serbia. The territory is inhabited by Bulgarians and there has been nothing but ill feeling on the part of Bulgaria ever since its cession to others.

Pressure is being put on Serbia to induce that nation to consent to restore the Macedonian territory held by that country, which Bulgaria thinks should belong to her. Serbia is obstinate, however, and the whole negotiations are at a standstill. It is hard on Bulgaria because she is anxious to join the allies and profit in the ultimate division of the spoils at the close of the war. Her officials also would profit personally by the conclusion of the bargain, if everything is to be believed. Meanwhile, Bulgaria sees that now is a good time to stand for what she wants. After the war is over the belligerents are apt to forget their promises. Bulgaria wants what she wants now.

Germany would be content if Bulgaria would only remain neutral. Across Bulgaria lies the direct route to Constantinople and the allied armies could march through there without any serious loss and open up the Bosphorus, which would relieve Russia and probably end the war. So that little Bulgaria really holds the key to the situation in Europe.

It is conceivable that some, at least, of the allied dignitaries begin to understand exactly how Germany felt when Belgium barred the way, but they cannot resort to force, because Bulgaria is able to put up a much more strenuous fight than Belgium did. One of the morals of the situation is that if a country wants its rights to be respected, it must be prepared to defend them.

HOPE OF PEACE FOR MEXICO

There is little doubt that Major-General Hugh L. Scott, chief of staff of the United States army, who is negotiating with General Francisco Villa for the relief of the mining and smelting companies of Northern Mexico, is the right man for the purpose of conciliating the Mexicans. General Scott deprecates war. He urges Americans to practice silence in regard to the Mexican situation. "Let every American search his own heart, control his temper and keep his tongue still," he says.

This is excellent advice. There are many who are interested in seeing the United States embroiled with Mexico for their own greedy purposes. They would not care how many American lives would be sacrificed in the attempt to subjugate the sister republic. Dispatches published in this paper on Saturday from Washington, D. C., indicated that the United States government is on the trail of the parties who stirred up the recent trouble in Vera Cruz and on the border of Texas, with a view to landing the United States in war with Mexico. Fortunately the country has a level-headed ruler at present and rash measures were headed off.

In General Scott, President Wilson has a deputy who knows that war is the very worst method of trying to settle any dispute. He is for conciliation and as the interpreter of the president's wishes he may be able to convince the Mexicans that this country desires nothing else but the good of Mexico and is desirous of seeing stable and tranquil conditions on the border and throughout the country.

As General Scott says, "No man in Mexico, at this crisis of his country's history, will dare to defy the just expectation of his countrymen and the reasonable hopes of mankind." To the voice of Pan-America, he thinks, no Mexican will venture to offer opposition.

In this General Scott is supported by no less a Mexican authority than General Castro, who was a brigadier-general under Huerta. He has served forty years in the federal armies of Mexico. He expresses the hope that the proposal of the Pan-American countries will bring peace to his unhappy country. He is also of the opinion that it will win all elements to its support. He also points to the fact that after the Civil war in the United States, men of both sides learned to live in peace and to work for the Union; that many prominent Confederates gave their services to the United States and acted with unswerving loyalty and devotion to the united interests of the land.

It is to be hoped most sincerely that the Pan-American peace plan will not fail. If order and peace can be restored, there can be nothing that will hold Mexico back from prosperity. It is one of the richest countries, both from a mineral and agricultural point of view, in the world. Given a fair chance its wounds should heal over with wonderful rapidity and it should again take its place among the productive and progressive nations of the earth.

Japan indulges in no discussion as to the necessity for national defense and also for being prepared for aggression if necessary. That farseeing country is planning to build four superdreadnaughts, two scout boats, twenty-four destroyers, eight submarines and one parent ship for aeroplanes. At the close of the European war there will be a rapid increase in the program, as the lessons learned there will then be capable of application.

WILL DRILL FOR OIL

TEST WELL BEING SUNK ON SAN FERNANDO ROAD—OTHER BURBANK NEWS NOTES

C. L. Clugage is erecting a standard drilling outfit on the H. E. Luttge ranch on the eastern city limits of Burbank and will sink a test well to ascertain whether or not there is oil or gas in paying quantities underlying the fertile fields of this valley. With an abundance of oil at Los Angeles and in the Sherman and Whittier fields, and bright prospects near San Fernando, it stands to reason that it can be found here. A hole 500 feet deep was drilled here some years ago, but was never finished owing to the inadequate drilling outfit, but now that will be remedied and a thorough test made. We congratulate the Messrs. Luttge on their enterprise and sincerely hope that their brightest expectations may be realized. If successful it will mean untold prosperity for the entire valley.

Rev. F. Miller, pastor of the Methodist church, left Monday for a two weeks' vacation. Rev. Miller's congregation voted him a month's vacation, but by taking it in sections of two weeks each, leaving on Monday and returning on Saturday of the second week, Mr. Miller is only away from two regular Sunday services, yet has a four week's change.

C. I. Lovejoy returned the last of the week from his trip to Mount Baldy, feeling greatly refreshed, and found the L. & W. garage chuck full of work. When we dropped in for a moment Saturday afternoon all hands were busy, with Mr. Lovejoy himself the busiest of all, trying to care for everything needed in order to close up the week's business in good shape.

A merry party of young maidens and matrons, namely the Mesdames Frank Clarke and A. Duffer, and the Misses Clara Clarke, Rose Virden, Beth Butler, Blanche Shelton and Claire Glenn, left Saturday afternoon for San Pedro, where they took the 6 o'clock boat for Catalina Island, where they will spend a delightful ten days on the "Jewel Island in the Pacific."

W. Wintz, manager of the Los Angeles water system in the Burbank valley, had a near accident Saturday in Griffith park, when an automobile which was ahead of him suddenly stopped, causing him to collide with it. Mr. Wintz' machine, which is a new Ford, is at the Lane garage with a broken lamp and a seriously punctured radiator.

Mr. and Mrs. C. E. Davison, Mr. and Mrs. Ray Sence and Mr. and Mrs. Earl Duffer spent Sunday enjoying the wonders of Mt. Baldy. They left Saturday morning, returning Monday.

The New Presbyterian Church
The plans and specifications for the new Presbyterian church of Burbank, which is to be built at Olive and Fifth streets, have been submitted to the contractors and estimates called for. The plans and specifications were drawn by Theodore Hopping of La Crescenta and are most complete, and the new building will be alike a credit to Burbank and the church denomination of which it will be the home.

The building will cover a ground space of approximately 50x80 feet and will have a basement in which will be the Sunday school class room as well as a kitchen, furnace room and toilets, while above will be the main auditorium, with seats for the choir in the rear of the pulpit, on one side of which is the minister's room and on the other a room for the choir, with a room back of that for the primary classes and toilet rooms.

Entrance to the building will be through two vestibules, one of which will be built up as the tower. These vestibules, with the main gable of the building between them, will make the east front, with its large chancel-like windows, a most attractive piece of architecture.

The plans call for cement foundation and basement walls with re-sawed siding for the main body of the building, shingled gables and shingled roof.

SUGGESTIONS FOR DRIVERS OF AUTOMOBILES

The Automobile club of Southern California has issued a set of "action suggestions" for the guidance of automobile drivers in the state, having in mind the greatest safety both to drivers and others whose rights to the road are undisputed.

In every "suggestion" reproduced below is embodied the actual experience of the auto club's scout cars, which are constantly on the roads and traveling with instructions to observe general traffic conditions and the general conduct of the motoring public.

Night driving is included in the complete list, and the use of the spotlight is an important feature of the report. However, the action known as "cutting" is considered by the automobile club to be the most important of all rules of the road to be observed, and this is treated at some length from the personal experiences of Frank M. Jordan, engineer of the road department and touring bureau of the club. Here are the "suggestions" in full:

1. Night driving: If using a spotlight, courtesy calls for the motorist to deflect the rays to the right hand side of the boulevard and downward while passing other cars.
2. Never cut corners, even while driving in the country. Cutting corners is the sign of a reckless driver, and leads to many accidents.
3. Passing hospitals in the city or sanitariums in the country, the motorist should proceed quietly; this means closed mufflers.
4. Do not destroy the beauty of the boulevards by leaving cans, bottles or papers along the highway.
5. Never leave bottles on the road, nor toss them over the rear of the tonneau.
6. "Cutting" a machine means to pass another car and turn into the road directly in front of it. Allow a reasonable length of time to elapse before resuming the right hand side of the road. Particular care should be taken in this respect when passing horse-drawn vehicles. Never "cut" a machine unless intending to materially increase the pace being traveled by the machine "cut."
7. All motorists should remember that pedestrians are helping to pay the taxes and are entitled to a share of the roads and streets. Courtesy is due from both the motorist and the pedestrian.
8. "Courtesy of the road" should mean a consideration of the rights and feelings of others. To help a motorist in trouble means that some day the helper may become the helpee.

These rules are not given out by the auto club as rules at all, but rather as suggestions, according to Mr. Jordan, and it is hoped by the organization that they will be considered seriously by the motoring public.

NOTICE TO PHYSICIANS, MIDWIVES AND OTHERS

By act of legislature effective August 8th, 1915, it is provided that the birth of every child in the state of California shall be registered, and physicians, midwives or others in attendance upon the birth shall file within thirty-six hours with the local registrar of the district a certificate of such birth upon blanks to be furnished by the registrar. The law further provides: "In every case it shall be the duty of the father or mother of the child, the householder or owner of the premises where the birth occurred, or the manager or superintendent of the public or private institution where the birth occurred, each in the order named, within ten days after the date of such birth, to report to the local registrar the fact of such birth." Among other requirements is the reporting of the full name of the child and in cases where this cannot be given in the first report, a supplemental report must be filed as soon as the child is named or the information obtained. It is further required that all physicians and midwives shall without delay register their name, address and occupation with the local registrar.

J. C. SHERER, City Clerk, Local Registrar.

An eminent fighting gentleman says he is aiming for world peace. He's hitting the mark.

Report Complaints to Office

Any of our patrons who do not get courteous treatment from any representative of the Glendale Laundry is requested to report the same to the management. Giving satisfactory service is the slogan of this laundry and anything short of that will not meet with the approval of the management.

EASTMAN

is a household word in thousands of homes in this land. It is easy to take good pictures with an Eastman. In shade or sun, in doors or out, the Eastman is always at your service. The simple and efficient mechanism makes it possible for the amateur to achieve wonderful results.

An Eastman kodak is a necessity in many homes, a constant delight, bringing up the happy hours of the past and preserving the good times of the present for the future.

Nothing will give you more pleasure on your vacation trip than an Eastman.

An Eastman of any size or style is an ideal gift.

PASSING OF THE HORSE

How rapidly we move, now-a-days. Twenty years ago the automobile was a curiosity. Now it is seriously proposed to bar horses from the streets. I quote from a Los Angeles paper:

"The use of the automobile for all purposes of traffic has now amply demonstrated that the horse is no longer needful, and the day ought not to be far distant when he will be forbidden on our city thoroughfares. He is not only a menace to life and limb by reason of his peculiar temperament, which impels him to run away on the slightest provocation, but he is moreover a nuisance and the chief cause of dirty streets. As a mere matter of cleanliness he ought to be abated, and his elimination as an outgrown factor of city

PERSONALS

Mr. J. H. Ingledue of the Los Angeles Tribune staff was a visitor Saturday at the home of Mr. and Mrs. C. W. Ingledue, 725 West Third street.

Mr. and Mrs. T. J. Keleher, 228 North Louise street, and their daughter, Geraldine, motored Saturday to Alamitos bay, where they spent a very pleasant time.

Mr. and Mrs. C. B. Wilde, 238 North Louise street, returned Monday morning from San Francisco, where they have been spending a very pleasant vacation.

Mr. and Mrs. Frank Grosvenor of 1421 Burchett street left Saturday for a two weeks' vacation in San Francisco. They intend to make many visits to the exposition.

Miss Laura Litchburg of Chicago was a visitor all last week at the home of her sister, Mrs. Lockwood, 229 North Louise street. Miss Litchburg left for San Francisco Monday morning.

Miss Minnie E. Fink has gone to the northern part of the state to spend her vacation at the fair in San Francisco and will also visit her brother, who is the Southern Pacific agent at Newman.

Miss Lois Spickerman, 236 North Maryland avenue, with her sister-in-law, Mrs. Lynn Spickerman of Los Angeles, are spending a fortnight in Long Beach as house guests of the Misses Gladys and Evelyn Butcher.

Mr. and Mrs. A. W. Tower and little daughter, Ruth, of 132 Jackson street, and Mr. and Mrs. Lawrence Ellis and little son, Charles, of 541 South Kenwood street, and friends were picnicking in Verdugo park Saturday.

Miss Lucy Idella Peabody of Fremont, Neb., is spending a few weeks with her cousin, Mrs. Henry Johnston of 335 Everett street, enroute to the exposition. Mrs. Johnston and Miss Peabody have not met for twenty years and consequently are finding much to talk over.

The Home-Missionary society of the First Methodist church will hold its regular monthly meeting at the home of Mrs. A. W. Randolph, 865 South Glendale avenue, Thursday. This will be an all-day meeting and the ladies are requested to bring luncheons, thimbles and needles.

Miss Rae Davis, 515 Orange Grove avenue, was a guest at a lawn tennis party Sunday at the home of Mr. Nat B. Browne, Casa Verdugo. Those present were Miss Mary Browne, Mr. Franklin Littell, Mrs. Louise Williams, Mrs. Marie Browne, Mr. Harry Browne and Mr. Will Cornell. After the game a dainty dinner was served.

CHRISTIAN SCIENCE READING-ROOM

A free reading-room is maintained by First Church of Christ, Scientist, of Glendale, at 415 1/2 Brand boulevard, and is open daily, except Sundays and holidays, from 12 m. to 4 p. m., and on Friday evenings from 7:30 to 9:30. The Bible and authorized Christian Science literature may be read or purchased at this room. The public is cordially invited

life would prove in every respect a blessing and a profit."

Yet it will surprise many to learn that notwithstanding the automobile there are—or were before the war—5 per cent more horses in the United States than in 1900.

The horse will still be kept by many for companionship and pleasure that cannot be got from a machine. I am specially glad to see auto trucks supplanting the horses. It pains a humane person to see willing animals struggling—sometimes under blows—to draw a heavy load up a grade. The Chicago fire department is now horseless. That is well. The fate of the faithful and intelligent old fire horse is a sad one. The shipping of horses to European battlefields, where their life is but a few weeks if they are not shattered by shell, is a crime.—Exchange.

MUSIC IN THE VALLEY (Continued from Page 1)

had been partly expended in legal expenses and that part had been held over for probable future expenses. The right-of-way had been secured.

The chairman said that contemplating the frightful conditions produced in Europe by a few selfish people, one might almost despair of the world; but as Luther in the dark days that preceded the Reformation in Germany used to turn at any particularly dismal juncture to Melancthon and say, "Come, Phillip, let us sing!" and then the two would break into the confident notes of the fine old hymn, "Ein Feste Burg Ist Unser Gott—A Strong Castle Is Our God," so contemplating the misery into which the world was plunged they could not do better than turn to music for consolation. He then opened the musical program of the evening.

Lavina Crane, the nine-year-old daughter of C. E. Crane, cashier of the Southern Pacific railway in Los Angeles, and granddaughter of Mr. A. E. Gibson of Burbank, and also granddaughter of Mrs. Lois Crane of Burbank, gave a very clever recitation entitled "The Dead Dolly," and in response to an encore recited with much effect the thirty-fifth chapter of Isaiah and another number in reply to another encore. This little child, who has been entirely trained by her mother, exhibited remarkable histrionic talents and showed herself to be possessed of a memory of wonderful tenacity and accuracy.

Mrs. Franklin Flick sang a wide selection of songs: "The Dawn," by Guy d'Hardelot; "Rose in the Bud," by Dorothy Foster; "Good Bye," by Tosti; "The Rosary," by Nevijs; "The Little Irish Girl," by Herman Lohr and Mother Machree.

Miss Hamilton, a graduate of the Cummoock school of expression, played a Fugue by Wollenhaupt, "Taran-telle," by Denne; "Fantaisie," by Mozart. She also showed her versatility by reading "A Few Bars in the Key of G"; a one-act playlet, entitled "Tradition," and "Letta Humpty Jeem." Miss Hamilton is a musician of excellent technique and plays with all the ease and expression of one whose training has been exact and effective.

At the close of the enjoyable evening ice cream and cake were served.

TROPICO

Mrs. Wesley Simons and daughter, Miss Mildred Simons, accompanied by Miss Bess B. Blaney of Philadelphia, Pa., who have been the house guests of Mrs. Simons' sister, Mrs. Samuel A. Pollock, on West Park avenue, the past two months, left for San Francisco this morning, where they will be the guests of Mrs. Simons' sister, Mrs. Emory Gates. These interesting visitors have had a most delightful visit in the Southland. After visiting in San Francisco several weeks, Mrs. Simons, Miss Simons and Miss Blaney will return to Philadelphia, visiting en route home.

Miss Beulah Flowers and Miss Betty Hubbell of Ft. Collins, Colo., sorority sisters of Miss Bess Phillips, were the dinner guests on Saturday evening of Miss Phillips at the home of her parents, Mr. and Mrs. I. J. Phillips. Miss Flowers and Miss Hubbell are enroute to their homes in Colorado following a most delightful summer enjoyed touring in California.

Sir Francis and Mrs. Booth entertained at dinner at their home on Gardena avenue Sunday, having as their guests Judge and Mrs. R. R. Tanner of Santa Monica.

Mr. and Mrs. Russell McBryde, accompanied by Mr. and Mrs. Harry Sawtelle, have returned from a delightful visit in San Francisco and are relating to their many friends at their homes on Gardena avenue the many pleasant experiences of their recent trip.

Mrs. Henry Koepke of Athena, Ore., a former resident of Tropic, has been visiting here and in Glendale the past few days, visiting Mrs. E. T. Byram and Miss Ruth Byram, Mrs. Samuel A. Ayres and Mrs. David H. Imbler.

Dr. William Mabry, Tropic's prominent health officer, has returned from a visit to Covina.

O. A. Gallup, prominent proprietor of the Tropic Mercantile company, is enjoying his vacation at his ranch near Palmdale.

Charles E. McKenney is enjoying a most delightful summer vacation in San Francisco.

Dr. and Mrs. Samuel A. Pollock entertained with a barbecue at their home on West Park avenue Sunday, when a merry coterie of friends assembled to enjoy the generous hospitality of genial Dr. and Mrs. Pollock and also to bid farewell to Mrs. Wesley Simons, Miss Bess B. Blaney and Miss Mildred Simons of Philadelphia, who have been visiting at the Pollock home, and who left for the North this morning. Out under the spreading branches of the pepper trees the tempting viands were spread with a lavish hand and merriment reigned supreme.

Mr. and Mrs. Benjamin Elfsgen have returned from a pleasant visit in San Francisco, where the exposition was thoroughly enjoyed.

Miss Olivia Todd and Miss Eunice

NORTH GLENDALE

Mr. Francis Murphy of Los Angeles was in North Glendale on Sunday, spending the day with friends on Ruth street.

Mr. Homer Mead has rented the J. H. Briton property on North Pacific avenue and with his family has taken possession.

Mr. John Rockhold of 1430 Burchett street is enjoying his annual vacation and is spending some time visiting in Wyoming and Billings, Mont., expecting to be gone two weeks.

Mr. and Mrs. Karl R. Mertens of 1109 North Louise street entertained as their house guest very recently Miss Katherine R. Spensor, cashier of the National Life Insurance company of Chicago, and her sister, Mrs. Nelson Spensor, who are touring California. While here Mr. and Mrs. Mertens, with their charming guests, went to Catalina island and also enjoyed other interesting sight-seeing trips.

Mr. and Mrs. Ralph Deers of 1435 Burchett street left last Saturday evening on an extended trip east, where they will visit relatives in Michigan, also in Tennessee, expecting to be away two and a half months.

Mr. and Mrs. R. H. Siple of Sacramento street, with Mrs. Siple's mother and sister, Mrs. Swailles and Miss Swailles of Burchett street, motored to Caster's camp last Saturday, where they spent the week-end.

Messrs. Howard and Burdette Rockhold of 1430 Burchett street and Reed Nickere, also of Burchett street, are enjoying camp life for a fortnight as guests of one of the boys' classes of the Melrose M. E. church of Los Angeles, who are camping in Eaton canyon under the supervision of two of the young men workers of the Sunday school.

Mr. George W. Davis, superintendent of the Hawthorne street schools of Chicago, was the house guest of his niece and family, Mrs. Swailles of 1432 Burchett street, during the past week. Mr. Davis is spending some time in Southern California and is at present attending the exposition in San Diego, also visiting other points of interest in that locality.

Mr. and Mrs. E. C. Williamson of 1628 North Louise street, with a party of Los Angeles friends, motored to Big Bear lake last Saturday, where they will spend a week enjoying camp life, fishing and hunting and having a good time generally.

Mr. and Mrs. B. J. Lyons of 1617 Ruth street entertained as their guest at dinner Sunday Mr. J. A. Cousins of San Francisco, who is south on a business trip.

Mr. and Mrs. I. C. Rice and children of 1632 Ruth street were guests for the day Sunday of Mr. Rice's cousins, Mr. and Mrs. Will Wertz of East Sixty-third street, Los Angeles.

Among the important real estate deals of recent times is the transfer of a four-flat building at 1227-29 North Brand boulevard, Mr. Wm. J. Heger purchasing the same from Mr. W. A. Heger.

SATURDAY'S BALL GAME

Considerable disappointment was felt Saturday at the Union high school summer playgrounds when the Echo park team failed to arrive. There seems to be some misunderstanding regarding paying the expenses of the teams when at some strange ground. Whatever was the trouble, the Echo players did not turn up and the fans were disappointed. The gloom, however, only lasted a moment, for it was announced by Superintendent Lehman that a volunteer team of good Glendale players had agreed to take the place of the missing strangers. The local volunteers showed that they were made of good material and put up an excellent game.

Phillips and Gould were the battery for the volunteers and showed considerable ability in twirling. Tom Phillips struck out seven men. On the other side for the high school team Bobby Dewar and Joe Fishel, together, fanned eleven men. The score was 7 to 2 in favor of the high school playground team. Efforts are being made to arrange a game next Saturday with the college alumni.

LO LO MI GIRLS

After a number of days' vacation in the neighborhood of Sierra Madre, the girls of the Lo Lo Mi society returned Monday. They were fortunate enough to have had the use of the residence of Mr. A. M. Carter of Sierra Madre. From that as headquarters they made many enjoyable trips, camping out among the hills. In all there were twelve girls in the party. They were chaperoned by Mrs. Caroline Watling, Mrs. O. W. Tarr, Mrs. A. M. Hunt and Mrs. H. A. McPherson.

Cox of Dayton, Ohio, who are spending the summer as the guests of Miss Jeannette Baldwin and sisters of Central avenue, and who have been spending a few weeks camping at Lytle creek, have returned to Tropic. Miss Todd and Miss Cox also visited in Riverside and Redlands.

FRUIT YIELD IN GLENDALE

The local correspondent to the Los Angeles Times reported the following under date of August 15:

With a good yield and probably the best crops as regards quality of fruits in the history of this district, Glendale Valencia orange growers are pleased as a result of the high prices they are receiving in the East for their product, ranging from \$4 to \$5 per box, netting the grower from \$2.50 to \$3 per box.

On account of the limited area of the citrus belt in this section and the cutting up of many groves into subdivisions, the production here has diminished from year to year until only two of the four packing houses are actively engaged this season in packing and shipping.

P. W. Kenney, manager of the Sparr Fruit company, reports having shipped 140 cars of citrus fruits up to date this season, of which 25 per

cent were lemons and 75 per cent oranges. He estimates that the Sparr company will ship about fifty cars more of Valencia and lemons before the season closes.

This season's crops for the groves of United States Circuit Judge E. M. Ross will total fifty carloads, consisting of twenty cars of lemons, twenty cars of navel and ten cars of Valencia. This fruit is all handled in the judge's privately owned packing house. Lester Jones, manager for Judge Ross, says that the Valencias will all be harvested this week and that it will end the season so far as oranges are concerned.
